To All Middlesex Parents and Students:

Please review together the overnight, driving, travel to Boston and swimming and boating permissions contained on this form and determine which categories should govern the student during the coming academic year. Second, we ask that you spend time together reading and discussing the Middlesex rules contained in the *Handbook*. We believe these convey valuable information on Middlesex students' behavior and state and federal laws. It is important that both parents and students fully understand these expectations and rules.

OVERNIGHT RESTRICTIONS

Students who wish to spend a night away from Middlesex not in the presence of their parents must follow one of the following procedures. In all such cases, students must receive an invitation from an adult host, provide the Head of House with both a destination and a telephone number where the student can be reached in case of emergency, and follow the appropriate sign-out procedures. The School reserves the right to review specific weekend plans with parents at its discretion. A student may not change plans after leaving campus unless the student has first been in the presence of their parents or has contacted their Head of House and verified that this change of plan is acceptable.

When our child wishes to spend a night away from Middlesex, they must adhere to the following procedure:

_____ Our child must talk with us about plans and destination before each overnight so that we may give our approval. It is our responsibility to notify the Head of House in each case that our approval has been granted.

_____ Our child only needs an invitation from an adult host of our approximate age who will assume responsibility for our child. The Head of House must verify this invitation. It is not necessary that our child notify us and receive our approval each time.

Middlesex does not approve of students spending nights away from campus without adult supervision. It is our experience that, regardless of the good intentions of the students, they often find themselves in difficult situations over which they have little control. Heads of Houses will not give permission to boarding students to spend a night away from campus without adult supervision unless specific verbal or written authorization from parents or guardians has been received by the Deans' Office.

DRIVING PERMISSION

The School is concerned about the safe and appropriate use of automobiles. Parents should consider the following options carefully and only select the option with which they feel completely comfortable. The School does provide regularly scheduled transportation to and from Concord at the end of each academic day. While we restrict day student driving to commuting and nearby communities, once a student driver leaves campus, with or without passengers, the School is not in the position to exercise any meaningful supervision. Please also note that all students need face to face permission from a faculty member whenever they plan to accept any type of ride.

Our child may drive with any licensed driver OVER twenty one years of age.

Under no circumstances will the School permit a student for whom it is responsible to operate or ride on a motorcycle.

TRAVEL TO REGIONAL CITIES (BOSTON/CAMBRIDGE)

Middlesex students, being located in the town of Concord, have access to public transportation that travels to the region's many historical and beautiful cities and towns. On occasional Sundays, Middlesex provides transportation to Alewife station where students can ride the subway to Boston or Cambridge. Following School procedure and guidelines in the Handbook, all students can travel to Boston, Cambridge or other cities and towns without adult supervision.

Under no circumstance may a student swim after dark or alone.

Our child is a competent swimmer and has our permission to swim in the School pond or on School-sponsored trips during daylight hours. We recognize that such swimming will be unsupervised and that the School assumes no responsibility for such activity.
