

## **Covid19 Policy - Spring 2022**

### **Post Covid return to work/learn:**

- All community members must isolate for 5 days post covid diagnosis. On days 6-10 students and employees who are asymptomatic can return to in-person participation but must wear a mask in all indoor spaces until 10 days post-diagnosis are completed.
- Students who live in dorms must have a negative antigen test before being allowed to reside in the dorm.

### **Athletics:**

- Middlesex will compete against unvaccinated athletes if they are able to produce a negative antigen test result taken within 24 hours of the game/competition.

### **Visitors/Vendors on Campus:**

- Masks are optional for fully vaccinated visitors/vendors.
- Middlesex will allow unvaccinated visitors/vendors to be on campus without wearing a mask if they are able to provide a negative antigen test result 24 hours prior to arrival.
- The community member who is hiring the vendor is responsible for communicating our policies and supporting compliance with those policies.

### **Parents + Dorm Visits:**

- Parents will be allowed to visit dorms unmasked if they are fully vaccinated or if they have a negative antigen test result within 24 hours prior to visiting the dorm.
- Parents who are unvaccinated and unwilling to provide a negative antigen test result before entering the dorm must wear a mask.

**Employees/Student facing contracted workers:**

- All employees/workers must be fully vaccinated unless they have a documented medical or religious exemption.
- Unvaccinated contracted workers must wear a mask in all indoor spaces on campus.
- The community member who is hiring the contractor is responsible for communicating our policies and supporting compliance with those policies.
