

Covid19 Policy - Spring 2022

(Updated 5-22-2022)

Post Covid return to work/learn:

- All community members must isolate for 5 days post covid diagnosis. On days 6-10 students and employees who are asymptomatic can return to in-person participation but must wear a mask in all indoor spaces until 10 days post-diagnosis are completed.
- Students who live in dorms must have a negative antigen test before being allowed to reside in the dorm.

Athletics:

- Middlesex will compete against unvaccinated athletes if they are able to produce a negative antigen test result taken within 24 hours of the game/competition.

Visitors/Vendors on Campus:

- Masks are optional for fully vaccinated visitors/vendors.
- Middlesex will allow unvaccinated visitors/vendors to be on campus without wearing a mask if they are able to provide a negative antigen test result 24 hours prior to arrival.
- The community member who is hiring the vendor is responsible for communicating our policies and supporting compliance with those policies.

Parents + Dorm Visits:

- Parents must wear masks at all times in the dormitories.

Employees/Student facing contracted workers:

- All employees/workers must be fully vaccinated unless they have a documented medical or religious exemption.
- Unvaccinated contracted workers must wear a mask in all indoor spaces on campus.
- The community member who is hiring the contractor is responsible for communicating our policies and supporting compliance with those policies.
