

April 9, 2023

Dear Middlesex Faculty, Staff, and Students,

What an incredible time Mr. Speers and I had on campus last week. Thank you for your warm welcome and hospitality. The energy and spirit on campus were truly impressive and to a person, everyone we talked with and met exuded a deep love and pride for the Middlesex community. It is not every school that has this palpable and sincere ethos.

It was a thrill to witness the “all hands on deck” mindset for Revisit Days, from an outstanding student panel, student musicians (including Mr. DeGreeff) and vocalists, to mindfulness, Chapel, teaching, tours, and whoopie pies - you are a warm and talented school community and you care about what matters, and how to do it well!

Thank you again for sharing a snatch of early spring on the Circle with the Speers. We are so excited to be joining the Middlesex community and look forward to learning and listening to more of your hopes and dreams. We will be rooting on the Class of 2023 this spring and thinking of your walk across the Circle!

While they may not be as good as a Middlesex whoopie pie, as a small gesture of thanks and appreciation for a wonderful spring visit, I shared an old Tower Hill sticky bun recipe with your talented Flik team in the Dining Hall. I hope they are a yummy treat at lunch on Monday, and serve as a way of sending a bit of Tower Hill and Delaware up to Middlesex and Massachusetts.

With appreciation and anticipation,
Mrs. Speers
