Dear Middlesex Students and Family Members,

We'd like to take this opportunity to introduce ourselves: the staff at West Concord Pharmacy. We've been serving the Middlesex School Wellness Center for several years and have built a close, effective relationship with the nurses and prescribers who provide health care to Middlesex students. We work hard to assist the Wellness Center in its obligation to comply with state regulations regarding packaging, administration and dispensing of medication. **This year, at the request of the Middlesex School Health and Wellness Director, Meg McLaughlin, NP, all schedule medications (i.e. stimulants, narcotics, benzodiazepines) are required to be filled at the West Concord Pharmacy.** With your permission, our staff will begin directly contacting Middlesex families' prescribers for needed prescriptions. In addition, this year, we will be billing copays and medication costs directly to families. We will also be facilitating the dispensing/labeling of medication needed when students leave campus for weekends or vacations.

To that end, we will need you to provide us with consent, contact, and billing information. Please complete the attached forms and return them to the West Concord Pharmacy. Of course, all health and billing information is kept private and secure. A copy of our HIPAA policy is attached. Please sign and return the acknowledgment form on its last page. In addition, please tell your physician that West Concord Pharmacy may be contacting them should your student need an updated prescription.

We accept any insurance that allow us to contract with them, including all major national health insurance providers. Our pharmacy honors VISA, MC, AMEX , DISCOVER and HSA cards. We stock a variety of items not regularly found in chain stores. We deliver daily to campus and have developed an emergency medication protocol with the health center staff. Our family-owned pharmacy prides itself on providing excellent customer service and practical health care advice. We look forward to being your student's local pharmacy.

Please contact us with any questions or concerns at:

West Concord Pharmacy
