

## Spring Break Travel 2024

Spring Break begins after students' last commitment on Wednesday, March 6th and runs through Sunday, March 24. **We ask that you adhere to the travel dates and not extend the break with early departures.**

The Deans' Office asks boarding students to fill out their *Spring Break Travel* form in REACH with details about their roundtrip travel to and from Middlesex. The REACH travel form will go live on Monday, February 12. Travel information is due in REACH by Friday, February 23. All boarding students – whether they are taking MX transportation or not – must fill out a REACH vacation form with their roundtrip travel arrangements. If travel includes one of our international or athletic trips, students can select "School trip" as a transportation option on the form. We ask parents to review all of the details on the form for accuracy before approving. International students traveling abroad may return one day early on March 23rd with Deans approval through the form.
